

PRO-TF[®] Vanilla Cream

Your Total Protein Infusion

- Provides 20 grams of patent-pending, low molecular weight PRO-TF Protein Blend in every two-scoop serving—the most advanced and effective protein available to burn fat, build muscle, and transform your body.*
- Contains the only protein supplement in the world with this critically essential protein source for your body plus 600 mg of 4Life Transfer Factor[®] in every two-scoop serving!*
- Increases muscle growth by 74%¹ and stimulates fat burning by up to 564%.^{2*}
- Is university-tested.

What is PRO-TF?

PRO-TF is an exclusive protein blend developed by 4Life[®] to help you transform your body so you can enjoy a more youthful and vibrant life.* As the flagship product of the 4LifeTransform[®] product line, PRO-TF is the only protein supplement that contains a full-serving of 4Life Transfer Factor. With its smooth and creamy vanilla flavor, PRO-TF is a delicious and versatile way to get your daily protein, whatever your fitness goals.

Every scoop of PRO-TF provides 10 grams of the most advanced and effective protein for optimizing body composition and increasing lean muscle growth.*

The low-molecular weight PRO-TF Protein Blend has been independently and university-tested to support increased metabolism and calorie burning, healthy fat loss, a feeling of fullness, and better recovery times. And, it bolsters the immune system response.^{1*}

PRO-TF is best consumed with six ounces or more of cold water to taste. However, it is also great with NutraStart[®] for an on-the-go meal with a total protein infusion!*

Gram for gram, PRO-TF is superior to the gold standard whey protein on the market at: burning fat, building muscle, reducing hunger, and supporting body transformation.*

PRIMARY SUPPORT:

Weight Management*
Muscle and Sports Performance*
Immune System*

SECONDARY SUPPORT:

Heart Support*
Muscle, Bone, & Joint*

PRO-TF[®] Vanilla Cream

Your Total Protein Infusion

Key features and benefits

- Features highly concentrated, ultra-absorbable, and easily digestible PRO-TF Protein Blend—with low molecular weight (high DH⁺) extensively hydrolyzed protein.*
- Has only 70 calories per serving.
- Contains zero grams of lactose and is gluten-free.
- Provides over 4,900 milligrams of essential amino acids (EAAs) and over 2,350 milligrams of branched chain amino acids (BCAAs) in every scoop.
- Is tested for identity, purity, composition, and strength--every batch!*
- Supports increased sports performance and recovery.*
- Offers a more comprehensive amino acid profile than whey protein alone, or soy, rice, pea, or casein proteins.*

Did you know?

Human beings cannot live without protein—it gives your body structure, burns fat, builds and protects muscle, and provides critical support to the immune system³. When you don't consume enough protein, your body steals it from your muscles. In addition, you can also lose muscle as you age, making protein vital for healthy aging support.

Including protein in each meal will help you feel fuller and maintain a healthy weight.

Not all proteins are created equal. Your body can use animal protein better than plant-based protein.⁵ PRO-TF protein was formulated and university-tested to be the best protein available for body transformation, fat-burning, muscle protection, and recovery.*

DIRECTIONS: For best results, combine one (1) serving (1 scoop) with 6 ounces or more of cold water to taste and shake vigorously in a shaker cup. Consume two (2) or more servings per day to help you achieve your daily protein needs, and get the recommended 600 milligram serving of 4Life Transfer Factor[®] Tri-Factor[®] Formula. On exercise days: Consume (1) or more serving 15–30 minutes prior to exercising, and consume one (1) or more serving within 30 minutes of completing an exercise session.

PRO-TF® Vanilla Cream

Your Total Protein Infusion

Protein can help protect healthy muscle in people of all ages, by increasing muscle growth and reducing muscle breakdown.*

How much protein do you need each day?

First: Determine your goal body weight.**

Second: Calculate your total daily protein needs.

To reduce body fat and weight: Goal body weight (in pounds) x 1.0 grams of protein

To gain muscle and strength: Goal body weight (in pounds) x 1.33 grams of protein

****Choose a goal body weight within 40 lbs of your current body weight. Recalculate your protein needs as you reach this goal.**

Begin your body transformation in 3 easy steps:

Step 1: Calculate your daily protein needs to ensure you're getting enough protein.

Step 2: Start using PRO-TF Protein right away and continue use throughout the day to supplement your daily protein needs.

Step 3: Begin your transformation program. Download the 4LifeTransform™ App from the App Store or Google Play or visit www.4lifetransform.com to learn more.

1. 4Life Research and Auburn University's Molecular and Applied Sciences Laboratory in the College of Education, School of Kinesiology, conducted a pre-clinical research study to demonstrate the safety and efficacy of PRO-TF®, a patent-pending product [Mobley CB et. al., J Int Soc Sports Nutr 2015, 12:14]. To learn more, visit 4Life.com.
2. Results as observed in the pre-clinical research study referenced above under fasting and controlled conditions, and as occurred directly within the samples. Actual results may vary.
