

4Life Transfer Factor® Chewable Tri-Factor® Formula

A tasty alternative for immune system support*

- Provides immune system support*
- Stimulates Natural Killer (NK) cell activity*
- Educates immune cells*
- Delights kids and adults with a delicious citrus-cream flavor

What is 4Life Transfer Factor Chewable Tri-Factor Formula?

4Life Transfer Factor Chewable Tri-Factor Formula provides the revolutionary immune system support of Tri-Factor Formula—a combination of UltraFactor XF®, OvoFactor®, and NanoFactor® extract—in a delicious citrus-cream chewable tablet. It contains ingredients made by the immune system for the immune system and represents a revolutionary advancement in Transference® Science. The messenger molecules found in 4Life Transfer Factor Chewable Tri-Factor Formula help educate immune cells and support the immune system's ability to more effectively recognize, respond to, and remember potential health threats.*

PRIMARY SUPPORT:

Immune System*
Overall Wellness*

Key features

- Promotes healthy immune system function that, in turn, promotes increased energy and the healthy function of all other systems throughout the body*
- Contains 4Life Transfer Factor peptides that help educate immune cells and promote the immune system's ability to more effectively recognize, respond to, and remember potential health threats*
- Provides another way to receive your daily source of Tri-Transfer® Formula in a citrus-cream flavored chewable tablet
- Features NanoFactor® extract that supports immune system balance by promoting the ability of immune cells to know when to act, how to act, and when to rest*
- Ensures exclusivity with protective United States patents: 6,468,534 (extraction process for transfer factors from egg sources) and 6,866,868 (combination process of transfer factors from cow colostrum and chicken egg yolks)

DIRECTIONS: Take three (3) tablets daily.

Supplement Facts

Serving Size: Three (3) Tablets
Servings Per Container: 30

Amount Per Serving	% DV*

4Life Transfer Factor® Chewable Tri-Factor® Formula

A tasty alternative for immune system support*

4Life Transfer Factor® Chewable Tri-Factor® Formula was developed by 4Life® researchers and scientists in an effort to maximize immune system support. Its main ingredient blend, the Tri-Factor Formula, was scientifically studied and shown to help activate Natural Killer cells by up to an unprecedented 283 percent.*+

4Life Transfer Factor® Tri-Factor® Formula Increases Natural Killer (NK) Cell Activity

*Indicates the percentage increase above the baseline value

Test results obtained from an independent, unpublished *in vitro* experiment conducted at the Russian Academy of Medical Sciences, in Kashirskoe Shosse, Russia. The randomized and controlled *in vitro* study assessed the effects of 4Life Transfer Factor® Classic, 4Life Transfer Factor® TriFactor® Formula, or 4Life® Transfer Factor Plus® TriFactor® Formula, versus a positive control (Interleukin-2, or IL-2) on NK cell activity and effectiveness in destroying damaging cells. Blood was collected from healthy volunteers and then incubated for up to 48 hours. [REFERENCE: Kisielevsky MV & Khalturina EO. *Unpublished observations*]

These studies have been funded in full or in part by 4Life Research USA, LLC.
